PORTABLE / STATIONARY AUGERS / CONVEYORS >
CONTAINER LOADERS

- Auger or belt style conveyors are available to fill 20' and 40' shipping containers with grain, DDG's or other free-flowing material.
- Stationary or portable units with a variety of inlet hopper configurations are customized to your specifications.
- Auger fill, loader fill, or even ground level belt or auger hoppers can be added to fit your loading and unloading needs.
- 12" diameter tube belt conveyor features a 14" wide belt which can achieve a variety of capacities. 12" and 14" tube augers are a popular, but economical configuration choice. A variety of capacities are available with this option as well.
- Support structure features left to right and up and down adjustment.
